

## Kuy E. Ky, DDS

*General Dentistry & Dental Implants*

Welcome,

Thank you for choosing us to provide you the best of family and cosmetic dental care, including dental implants. We have designed our office with your best interest and comfort in mind and the belief that you deserve the best. From the time you and your family walk through the door our goal is to make this your best dental experience.

*Our promise is to provide your family the opportunity for a dental experience that meets or exceeds your expectations in a caring, comfortable, and professional atmosphere. We provide quality dental care to enhance smiles, improve and maintain dental function, and help prevent future dental problems. We also provide you the latest technology to ensure you the most up-to-date procedures, information, and merchandise available.*

It is our pleasure to provide you the opportunity to complete your registration documents in the comfort of your own home. When you arrive, we will promptly review and prepare your records. Please arrive with your information completed - Thank you!

You can expect for your new patient visit to be within one hour and a half. We will review your information, answer your questions, address your concerns, complete a Comprehensive Evaluation, determine what x-rays you need, and complete a clinical review of your teeth and gums, then provide you with a treatment plan estimate. We promise to provide you the opportunity to make informed decisions about your own dental care.

Meeting your needs is our #1 concern and we look forward to the opportunity to earn your trust and respect as you experience a level of care that *makes a difference!*

Sincerely,

Dr. Ky and the "A" Team
